ELECTRICIAN APPRENTICESHIP | FOUR-YEAR PATHWAY

Supplemental tuition policy

Required books, Mike Holt platform access and program testing fees are included in your annual tuition.

Annual tuition: $4,500
Program length: four years
Total published tuition: $18,000
No separate charge for the included items listed below.

1 | Included in tuition

The $4,500 annual tuition includes all required books, access to the Mike Holt instructional platform, and testing fees for the applicable year of the SmartGrid Apprenticeship Academy program. These items are included in tuition and are not billed as separate additional charges.

2 | Instructional system

SmartGrid Apprenticeship Academy uses the Mike Holt system and curriculum for program instruction, coursework, and assessments.

3 | Application of this supplement

This supplement clarifies the tuition inclusions described above and accompanies the academy's tuition schedule and enrollment documents. Any statement in those documents suggesting that required books, Mike Holt platform access, or program testing fees carry a separate charge is superseded by this clarification. Other enrollment terms remain unchanged.
